Other services

FOFS Personal Loans £400 - £1000 38% fixed interest rate & no fees the loan can be for any purpose such as Christmas, white goods, TVs, – subject to affordability.

Personal loans over £1,000, home improvement loans for owner occupiers and Start Up loans for new businesses or those under 2 years old – subject to affordability.

We do not use credit scoring. We take time to understand your finances and make sure you can afford the repayments.

We are a responsible lender – we have to make sure you can repay, and ask to see evidence of your income. This can be trading income, wages or pension. We then work out your expenditure by doing a budget planner or cash flow forecast.

The loan is a personal loan to the borrower not the business.

Repayments are made easy by either weekly or monthly direct debit.

The first time we meet we also need to see your proof of identity and address.
